Featuring

ULTRASEAM®
Patent Pending

Liner Technology

Now standard on every 2015 VynAll Liner.

The strongest seams you'll **NEVER** see!

Standard pool liners present visible lines on the pool floor at the seams which ultimately detract from the beauty of the pool. Our innovative **ULTRA**SEAM® technology elevates our liners to an entirely new category.

This exclusive process makes floor seams stronger and virtually invisible, so there's nothing that gets in the way of the picture perfect beauty of your pool!

Now standard on every VynAll Liner.

For more information, ask your dealer, retailer, or service professional about **ULTRA**SEAM®!

OPTIONS

Once you've selected the collection and pattern that best fits your sense of style, you're ready to take a look at our options for vinyl thickness, stair options and safety covers. We manufacture many of our liner patterns to coordinate with stair patterns that include an option to upgrade. We are also a leading manufacturer of safety covers. We can design your cover and ship when you are ready to close your pool. Ask your preferred retailer, builder or dealer about these options when placing your order.

27
MIL

PREMIUM A 27 mil wall and floor is our most heavy-duty liner configuration. A popular choice in climates with freeze and thaw cycles – or if you want the peace of mind to know that you've selected the best protection against the elements.

27
20
MIL

DURAWALL™ DuraWall is the combination of a 27 mil wall with a 20 mil floor. This creative combo puts the strength of 27 mil where you need it most, providing both performance and affordability.

20
MIL

CLASSIC Our classic all 20 mil liners are precision crafted from the same premium virgin vinyl that is used throughout our other high performance products. This lighter weight, highly durable product is an excellent choice for many applications.

Posi

POSI-TRAC Our POSI-TRAC materials are textured vinyl that provide additional traction to high traffic areas such as stairs, benches, or sun ledges. Available in a variety of solid colors and printed patterns to match or compliment your personalized pool interior. Look for the POSI symbol.

MEDIUM

COLLECTION

For some people, style is a careful harmonizing of extremes - not too light, not too dark, but somewhere in between. The medium collection might be just right if you want your pool to be the best of both worlds.

COMMITMENT

We have always been and will always be committed to producing the highest quality products. It is not just what we make, it is who we are. We know our reputation is on the line every time we put our name on a box. We take that seriously. Our promise to you is to provide the absolute best product that your money can buy. Thank you for trusting us to build your liner.

WARRANTY

WARRANTY

The VynAll non-transferable pro-rated warranty covers defects in workmanship for a period of 20 years on 20 mil liners, and 25 years on DuraWall and all 27 mil liners. Please visit www.vynall.com for full warranty details and VynAll pool liner care instructions.

SAFETY FIRST

Just as important as the craftsmanship of our liners is the safety of our pool owners. Every liner we manufacture comes with complimentary APSP (Associated Pool & Spa Professionals) educational materials and signage designed to promote safe swimming habits.

Additionally we are a leading manufacturer of swimming pool covers. Our CoverLogix™ pool safety covers provide peace of mind to our homeowners.

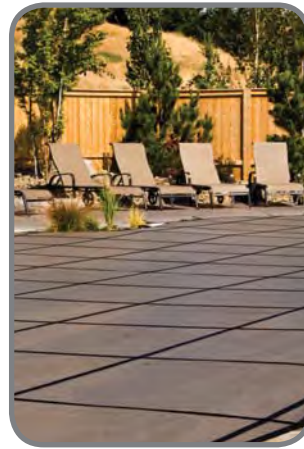

Visit www.coverlogix.com for exclusive patterns and product information. Enjoy your pool!

- The manufacturer does not manufacture slides, diving boards, or any other diving equipment. Any use of such equipment must be in strict compliance with the equipment manufacturer's specifications, The Association of Pool and Spa Professionals' (APSP) Standards, as well as local building codes and regulations.
- In some pictures, the safety line rope and floats, and safety signage have been removed from the pool for photographic purposes. The safety line should be permanently attached at all times. We also urge you to use handrails and grab rails in accordance with the APSP Standards.
- The manufacturer reserves the right to change colors and pattern selections. Consult your dealer for changes.

- Your dealer/builder/contractor is an independent business person and not an agent or employee of the manufacturer. We cannot and do not accept any responsibility for any representations, statements or contracts made, or any work or negligence by any dealer/builder/contractor.
- Pattern and solid colors may vary slightly from brochure, see samples for color and texture. Some patterns may show seams more than others, please consult your dealer.
- The reference to light, medium and dark blue tones is a generalization and not a guarantee of how a vinyl liner will accent the water color in your pool.
- Limited 90-Day Warranty for commercial use.

DREAMING IN COLOR

We've all heard the saying – **beauty is in the eye of the beholder.** We think you'll agree that everyone's taste and style is uniquely different. That's why we created this simple system to help you select your pool color and design choices. The first step to designing the perfect pool decor is to decide whether you prefer the water in your pool to be a light, a medium, or a dark shade of blue.

SAFETY INFORMATION

IMPORTANT: A number of very important items that are essential for the safe use of your pool may not be visible in many of the photographs, either because of perspective or camera angle, or because they were removed for photographic purposes. These items include; but are not limited to:

1. Safety ropes, which should remain in place at all times;
2. "No Diving" signs, which are provided and should be installed in accordance with instructions included on the coping or liner, where they are clearly visible;
3. An area sign is provided and must be permanently and conspicuously affixed in the pool area where all users can see it;
4. Necessary means of exit and entry into the pool;
5. Fencing with a self-latching gate, and other barriers that can assist in preventing unsupervised access to the pool by children;
6. Approved drain covers and other devices to protect against suction entrapment;
7. Minimum required inlets and returns to ensure proper water circulation;
8. Appropriate inpool lighting if the pool will be used after dark.

All of these devices should be installed in accordance with manufacturer's instructions, ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards, as well as state and local statutes and codes.

Diving boards and slides require minimum depths and distances and must only be installed and used in strict compliance with the equipment manufacturer's specifications and ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards. If the pool is labeled by us as NON-DIVING, then diving equipment may not be installed and any such equipment must be removed before the pool is used.

Smart pool owners always think safety first. They take specific steps to ensure that their family, friends and guests are knowledgeable about the safe and sensible use of their pool. They also:

- ensure that their pool is never used unless there is adequate supervision;
- ensure that their pool is kept in good repair and is not

used when there is a missing or broken drain cover or other component;

- ensure that ALL CHILDREN using their pool are supervised constantly;
- that anyone under the influence of alcohol, drugs or stimulants that would impair their abilities or judgement does not use the pool;
- ensure that their pool is protected by appropriate barriers to unsupervised entry including fencing with self latching gates, covers, alarms, etc.

To assist you, a number of very important items of safety literature are included with each pool liner or available upon request. We ask that you read each item carefully and follow its instructions. These are:

- Pool Owners Safety Handbook
- APSP "Sensible Way" Book
- Vinyl Swimming Pool Liner-Warranty
- "Children Aren't Waterproof" Book
- "No Diving" Label
- Area Sign

Make sure your builder supplies you with all of the safety information that accompanies your pool and installs the enclosed warning stickers and area sign where they can be clearly visible to all who use the pool.

NOTICE: The manufacturer stands behind every product they produced pursuant to those representations which are stated in the written warranties. Your dealer/builder/contractor is an independent business person and not an agent or employee of the manufacturer. The manufacturer cannot and does not accept any responsibility for any representations, statements or contracts made by any dealer/builder/contractor.
